PRAYER LETTER FOR OCTOBER 2020

November 2, 2020

Dear Friends,

Matthew 8:25 says, *"And his disciples came to him, and awoke him, saying, Lord, save us: we perish."* The storms of life raged in October, and are raging even now. As of this writing, Hurricane Eta is at our coasts threatening Guatemala with much rain and heavy winds. The grounds are already saturated and more mudslides are expected, our church walls had to be treated for humidity and repainted, and there is a lot of the influenza going around. There are "other" storms brewing worldwide, but we must not lack faith, but rather continue forward knowing He is onboard our lives, calming those storms.

First, we thank God for giving us the awesome privilege to preach open air! We are targeting two areas: "Florida" which is the name of a well known neighborhood closeby, and Zone 1 of Guatemala City, downtown, at the Central Park. God has allowed us to continue in both places, but we covet your prayers for the downtown preaching. This past month there were several instances when the Municipal Police asked us to stop as we were in "violation" of City codes. When we asked them to please show us the law, which they are obligated to do, they immediately walked away. Please pray that we will indeed be allowed to continue to preach with our loudspeaker. Seems that was the main issue. However, without it is almost impossible to preach, especially with masks on--we need the loudspeaker. Nonetheless, souls are being saved weekly! We are witnessing person to person, and giving out thousands of tracts. Your prayers and financial support make it possible.

We rejoice in the LORD that in October we were also able to start having in-person services! After many months of confinement, this was a remarkable blessing, despite the attendance of just 50% of our folks. The other half had to watch our service on Facebook. Pray we can surely see an increase in attendance as we feel some folks will definitely get accustomed to staying home and watch the service.

Many were the folks we attended during October. God is allowing us to help folks by not only administering naturopathic medication, but more importantly ministering to their spiritual needs. There was a particular family, the DeLeon's, who came seeking some sort of "calm" for their anxiety. The husband, Leonel, had battled Covid 19 earlier this year, and was really worried about the afterlife. The wife too has the same concerns. We thank the LORD we were able to help them with that, but also lead them to Christ! Pray for us that we could continue using Elayon to win precious souls to Christ! By the way, our clinic is also available for stateside folks who are seeking advice. Please go to www.holistichealthlink.com and search for me by name, Rev. Carlos Donate.

Jaimie and I are so grateful for your continued support and prayers. Pray for our health as well. We count it an honor to be your ambassadors for Christ in Guatemala.

For souls,

Philippians 4:7
